

# Hybrid XY Tables

Combining a high-precision air slide and linear guide delivers excellent performance at the right cost

## Features

### Ultra-high precision

**100 nm** and under

Provides the high straightness and repeatability of air slides

### Low cost

Equipped with a high-precision linear guide on one axis

► A single unit for differing accuracy requirements

NSK Linear Guide  
(Step axis)

Air slide  
(scan axis)

**MORE THAN PRECISION**
